# *Welcome!*

Thank you for your interest in our April Cow and Heifer Sale. As we have continued to see cattle sell for record high prices this year, we believe this is the time to invest in cows that will work for you and give you a good return on investment. This sale offering will consist of cow/calf pairs, bred cows, and bred heifers. These cows are up to date on their vaccinations and received a booster vaccine of Vira-Shield 6 and dewormer when they were processed at the sale. Cattle have been palpated by our sale vet the week of the sale and are guaranteed to be bred on sale day, sell with a calf at side, or have been palpated for reproductive soundness.

Cattle have been grouped into as uniform groups as possible based on consignor, expected calving dates, and visual appearance at 2-6 head per group. Each group will be brought into the ring to sell and the winning bidder will have the option to take as many as they would like out of the group or can sweep the ring. Once the winning bidder has made his or her selection, we will open the bid back up until the next cut is sold and repeat until all the cattle have sold. Cattle can be loaded out as soon as the sale is over. For those people that cannot pick up on sale day, cattle can stay in the barn overnight for no charge and can be picked up on Sunday.

Thank you again! If we can do anything for you now or in the future, please let us know.

*Sincerely, The Harward Family and Mid-Atlantic Cattle Sales*
